How to book a trip on UQ Uber for Business

Once signed up to the UQ Uber for Business account you can follow the steps below to book an Uber using Uber for Business.

**Step 1:**
Select the location you wish to travel.

*Example below*

**Step 2:**
Select between the personal or business payment methods by clicking on billing method at the bottom of the screen and selecting business.

You can then cross out of the payment screen and confirm your Uber.

*Example below*

![Payment options]

**Step 3:**
Confirm your pickup location and select one of the two options:

i. Bill to default chart string (this is the chart string automatically uploaded to your account based on your department/unit) or;

ii. Select an alternative chart string if you wish to use one different to your default (e.g. a specific project chart string).

Note: If alternative chart string is selected, please enter chart string as:

000000-00-0000-000000

Opal-Site-Fund-Function-Project

You can also add a note regarding the purpose of the trip, if you would like this reflected to the trip report. This is optional.
